To: Beall Avenue Business Owners/Residents

From: Joel Montgomery, City Engineer

Re: Beall Avenue Streetscape Utility Relocations Update

The utility portion of the Beall Avenue Streetscape project is continuing and will be affecting the area between Pearl and University beginning March 10th for approximately one month. We hope to maintain vehicular and pedestrian traffic and keep disruptions to a minimum.

Please also note that this portion of the project includes the utility relocations only. The project involving roadway and sidewalk reconstruction will begin in early June and will start at the south end of Beall Avenue. Visit our website www.woosteroh.com for more streetscape project information and updates. If you have any questions or concerns, please feel free to call me at 330-263-5234.

Sincerely,

Joel Montgomery, P.E.
