Wooster Recreation Soccer – Open Letter

The Wooster Recreation Youth League is a recreational league that is meant to be instructional in nature. Each season many participants have never played soccer before. This means at the beginning of the season you will see officials allowing teams to have second chances on throw ins and officials explaining the calls to help teach these young athletes how to play the game of soccer. By the end of the season the number of additional tries will be reduced to zero because it is important that the athletes are playing the game and executing the skills correctly.

Opportunities for Higher Level Play

If there are any communities who think you may have teams that are ready to play in a more competitive league please reach out to me to discuss it. We can put you in touch with a representative from Wooster Soccer Association to begin the discussion of the possibility of entering a team into the Travel League.

This is a competitive 8 week league that takes place in both the fall and the spring and consists of 4 home games and 4 away games each season. We could host all “home” games at the Wooster Soccer Complex. These games have a certified official and would take place on Sundays.

Likewise, any communities who have individuals interested in playing travel rather than an entire team can also reach out to me as we are always looking for players to join our existing teams.

Officials

NO OFFICIALS. MEANS NO GAMES. PERIOD.

Many of the officials in our league are area high school students who have or are currently participating in our leagues. The only way we can offer this league to our communities is if we have enough individuals who are willing to officiate. Some of the officials who are scheduled for these games are USSF certified and have taken the time out of their schedules to learn more about the rules of the game and increase their knowledge to be a better official. However, it is human nature to make mistakes no matter their age, experience or certification. When mistakes are made, no matter the impact on the game, it is not appropriate for anyone on the sidelines, coaches or spectators, to confront the individual officiating, especially not in a disrespectful and demeaning way. Not only is the behavior inappropriate and not welcomed in our league, it adds stress to an official trying to make the correct calls later in the game.

Coach, Parent and Spectator Behavior

What we all should be focused on is the example we are setting for the youth in our programs. It is up to the adults to show our children what appropriate interactions look like. It is ok to not agree with a call. It is ok to express discontent with something that you believe to be wrong; however it is up to you to address those feelings in a respectful and polite nature.

Behavior that is exhibited today by parents, players and coaches predicts behavior of parents, players and coaches in high school sports and beyond. It is our responsibility to set an example for our children that we can be proud of.

Ohio High School Athletic Association Parents and Adult Fans: The Biggest Challenge Facing High School Sports Today

An article released last week speaks to the importance of spectator and parent behavior both at games and at home in between games and practices. Please take the time to read this article and share it with as many individuals as you possibly can. I know that it is speaking to high school fans however this can be looked at through the lens of a youth sports fan as well.

Soccer Supervisor

Each Saturday there is a supervisor scheduled to be up at the complex to handle any issues that may arise. They are a representative of Wooster Soccer Association and the City of Wooster and are there in the event that you have an incident that needs immediate attention, to assist with any injuries that happen, and to handle any issues that occur on or off the field i.e. official not showing up or addressing a parent or spectator behavior on the field.

The supervisor who is assigned to work during games will be at the complex on one of the golf carts. If you have an issue or incident that needs immediate attention please bring it to the supervisor in a respectful and polite manner. These individuals will provide you with the answer if they can and if they are not able to give you an answer they will pass your concern or the issue along to the director of the youth soccer program.

Any other issues, questions or concerns including in response to this follow - up should be brought to the attention of the area representative first, and they will then bring it to the director of the soccer programs attention.
