

Storm Sewer Rates Effective 2-1-2022

The basic unit of service for the storm sewer utility is 3,050 square feet of impervious surface (ESU). The current rate for the storm sewer utility is \$5.75 per ESU.

Residential properties in R-1 zoning districts are charged for one ESU. Sixty percent (60%) of one basic service unit (ESU) is the equivalent service charged for one- and two-family residential properties in R-2, R-3, R-4, R-5 zoning districts. All other properties are billed for the number of basic service units of 3,050 square feet of impervious surface as calculated by the City Engineer's office.

Storm Water Maintenance Fee - \$2.75 per customer account per month
